ALWAYS BETTER

The right solution to every demand

GIVING YOU GREATER CHOICE THROUGH INNOVATION

A brand – four lines – limitless potential

More options mean more opportunities for you

At RHEINZINK, we strive to provide the best and most innovative solutions, to support the company ethos: ALWAYS BETTER. Now, RHEINZINK has gone a step further, not only redefining our product line, but expanding it at the same time. The knowledge and experience driving this development is the result of 45 years experience in the manufacture of titanium zinc, backed by thousands of successful projects across the globe, resulting in four different product lines. This provides a unique versatility in the market.

PATINA LINE
Living material

The original RHEINZINK. Available in natural sheet metal RHEINZINK-prePATINA bright rolled, or in the pre-weathered surface RHEINZINK-prePATINA blue-grey and RHEINZINK-prePATINA graphite-grey.

- Natural patina
- 25 years experience in the invention and development of the pre-weathering process

PROTECT LINE
Pure and durable

RHEINZINK PROTECT should be the first choice when it comes to challenging or unusual climatic conditions, such as the tropics, or when it comes to specific applications such as soffit cladding. RHEINZINK PROTECT is available in blue-grey and graphite-grey.

- Protected by a durable transparent coating
- Provides extra resistance in different climatic zones

COLOR LINE
Unlimited design possibilities

An unlimited variety of colours using RHEINZINK titanium zinc. Available in a choice of five standard colours, or specific colours on request.

The colour coating remains true, via a PVDF coating, whilst maintaining all the positive properties of the material.

- Unique coating properties
- Proven RHEINZINK quality, now with a colour variant

INTERIEUR LINE
Highlights room accents

The aesthetics of the interior of a building can now be enhanced by the use of RHEINZINK. The pre-weathered surface of RHEINZINK INTERIEUR in blue-grey and graphite-grey combine the opportunity for unique accenting with durability.

- Use in both interior and furniture design
- Timeless, beautiful surfaces
